## UTAMA SOLUTION

It has long been capital invested by the company to upgrade and purchasing of new, advanced and sophisticated machinery in order to enhance our productions to meet up with the relevant authority's respective standards.

Our specifications are complied to British Standards (BS), Malaysian Standard (MS), and International Electro-Technical Commission (IEC). Our products have sought the approvals from the authority like SIRIM QAS International (SIRIM), Suruhanjaya Tenaga (ST) and Jabatan Kerja Raya (JKR). Subsequent and special tests can also be arranged outside Malaysia like PSB Corporation of Singapore.

Our factory is most strategically located in Merlimau Industrial Estate, Malacca linked by expressways to market centres and ports around the country for prompt delivery and overseas shipments. Our overseas markets so far are Singapore, Indonesia, Thailand, Myanmar, Cambodia, Maldives, Philippines, and some African Countries.
